Dear Friends,

How will you mark Juneteenth this year? Our friends at CAAAS at CU have a comprehensive list of observances and opportunities [here](#).

Juneteenth is a newcomer on the list of federal holidays (2021), and it became a paid state holiday in Colorado only in 2022. Here's some information from [Juneteenth.com](#) via the CAAAS weblink above.

Juneteenth is the oldest nationally celebrated commemoration of the ending of slavery in the United States. From its Galveston, Texas origin in 1865, the observance of June 19th as the African American Emancipation Day has spread across the United States and beyond. Today Juneteenth commemorates African American freedom and emphasizes education and achievement. It is a day, a week, and in some areas, a month marked with celebrations, guest speakers, picnics and family gatherings. It is a time for reflection and rejoicing. It is a time for assessment, self-improvement and for planning the future. Its growing popularity signifies a level of maturity and dignity in America long overdue. In cities across the country, people of all races, nationalities and religions are joining hands to truthfully acknowledge a period in our history that shaped and continues to influence our society today. Sensitized to the conditions and experiences of others, only then can we make significant and lasting improvements in our society.

Take some time to read and learn, and let's all do one thing to reflect and rejoice. If you're among those that must work that day, may your labor also share in the emancipation of all peoples and our work together for the common good.

Faithfully,
M. Mary Kate Rejouis+

P.S. I learned yesterday of a parishioner of St. Aidan's who is in rehab and recovering

from an illness, and needs help with a sweet, older beagle dog (female) for a while. If you are able to take a dog into your home, or you can commit to stopping by to feed and walk the dog regularly (this person lives in an apartment on Taft Drive, close to St. Aidan's), please reach out to me by [email](#).
